

AXON Body 3

THE POWER TO SEE TRUTH IN THE MOMENT

INTRODUCING THE NEXT GENERATION CAMERA, WITH REAL-TIME TECHNOLOGY

THE BEST QUALITY EVIDENCE | REAL-TIME AWARENESS | UNMATCHED DESIGN AND SECURITY

With Axon Body 3, you'll better see the truth with its incredible low-light performance and reduced motion blur. Trust your camera with complete on-device encryption and Axon Body 3's sleek but super-strong design, built to survive even the harshest conditions. And now, react in real-time to active intelligence with features like gunshot detection and the ability to upload critical evidence wirelessly without ever needing to dock the device. It's the first body camera built with both brains and brawn so you can better protect life.

FEATURES AND BENEFITS

IMPROVED VIDEO QUALITY: With video evidence, image quality is everything. Axon Body 3's reduced motion blur and improved low-light performance enable you to better see the truth at any moment.

MULTI-MIC AUDIO: Featuring four built-in microphones, Axon Body 3 lets you play back crystal-clear audio for a better sense of what happened at the scene.

CRITICAL EVIDENCE ACCESS: Dock and walk is just one option to upload evidence with Axon Body 3. Preview video over LTE and upload wirelessly without waiting to dock.

GUNSHOT DETECTION & ALERTS: Axon Body 3 sends real-time alerts, like when a gunshot is detected, allowing your agency to act fast during critical situations.

POWERFUL CONNECTIONS: Axon Body 3 can support streaming audio and video back to your agency so that you can react in real-time to active intelligence.

"FIND MY CAMERA": If one of your cameras goes missing, simply remotely locate the lost device.

POST-EVENT REPORTING: Provide a verbal account of an event into your camera or mobile device, and have it transcribed and added to Axon Records. *(Coming soon)*

ON-DEVICE ENCRYPTION: The security of your device is top of mind. That's why Axon Body 3 features end-to-end encryption from capture to storage in Axon Evidence (Evidence.com).

FULL-SHIFT BATTERY: Axon Body 3 will last for 12 hours, so you can depend on it for your entire shift. You can even recharge it while the camera is on.

PRE-EVENT BUFFER: To help ensure key moments don't go missed, Axon Body 3 supports up to a 2-minute pre-event buffer with configurable audio.
